Memories

I, was allotted PG seat in General Surgery & assigned to work in Neuro Surgery unit. After completing of one and a half years of residency, RU assigned respected Dr. K N Bhargava as my guide. Since I was working in Neuro Surgery and my guide was Dr. K N Bhargava, I had a very hard time getting a topic for my thesis. By the time I got the topic our batch mates either submitted or were about to submit the thesis I was under great pressure. Dr. Prahalad Gupta, who was my room partner also, helped me a lot & worked hard in completing the thesis so that I could spare time for PG exam also Thanks to him qualified for PG on 1st attempt
