Memories

When we were in final year. Once we were asked to bunk the class but when i came to college i saw hostellers going to attend the class, hence, we also went. Our class fellows were annoyed and they deflated cycle tubes and hung my and surjeet's cycle on the tree.

Ragging class mates esp. Boys faced more. Next hostlers i remember for 8am class we took short crossing senior boys hostel as cycle stand was near it was sight to witness shouting whistling. With boys parading in towels. Some brushing teeth shaving oh ma it was a sight. I hope you remember boys hanging on railings shouting hukuhuku.

Tiffin being stolen from girls common room right under bai's nose but boys used to put halwa back it was tasty i must say.
